

Boil Water Rescind Notice

On July 29, 2017 the Texas Commission on Environmental Quality (TCEQ) required our public water system The City of Gladewater, PWS ID (#0920001) to issue a Boil Water Notice (BWN) to inform our customers that due to the presence of contaminants or an interruption in service, water from our system must be boiled prior to consumption.

Our system has taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and/or bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of <July 29, 2017>.

If you have questions, contact (Steve Matlock Director of Utilities) at (903) 844-6331 (John Choice Operations Manager) at (903) 720-4141

If a customer wishes to reach TCEQ, they may call 512-239-4691.
